Mar. 24-26	Indianapolis, Ind.	Men's NCAA Championships		

COACHING STAFF

CHARLIE HOFFMAN, Head Coach
7th Season

Overall Maryland Record:	64-34, .653
Men's Record	49-26, .653
Women's Record	15-8 , .652

Charlie Hoffman, Maryland class of '72, starts his seventh season at the helm of Maryland Swimming. Only the second head coach in University of Maryland men's history, Hoffman replaced Bill Campbell in 1976. Campbell retired after 20 years as the Terrapin head coach. Hoffman has continued the winning tradition by running the consecutive winning seasons record to 25.

In 1980, Hoffman assumed head coaching responsibilities for Women's Swimming and in his first season recorded a 9-4 dual meet record.

As a swimmer, Hoffman was a member of four of Campbell's winning teams in addition to competing on the 1970 squad which was the last ACC team to beat N.C. State. As a four year letterman, Hoffman specialized in the Breaststroke.

In 1974, Hoffman returned to his alma mater to pursue a Master's Degree in Physical Education and serve as Campbell's assistant coach. In Hoffman's first season, he recorded a 9-4 overall record. That same season the Terps captured first place honors at the Penn State Relays.

As a coach, Hoffman has placed great emphasis on team and individual achievement. Academics have played an important role with the swimming program. The swimmers have maintained one of the highest grade point averages of all teams on campus.

Last season, Coach Hoffman had his first Collegiate All American with Kirk Sanocki placing 6th at the NCAA Championships in the 200 Breaststroke.

Coach Hoffman has also done coaching work at the international level. In 1977, the Partners of the America's sent him to Rio de Janerio, Brazil to conduct clinics and work with their coaches and swimmers.

An instructor in the Physical Education Department, Hoffman teaches Swimming Pool Management and Coaching Swimming. He received his Mater's degree in Physical Education in 1978. Hoffman and his wife Linda are both natives of Perkasie, Pennsylvania.

MIKE TOBER, Diving Coach
1st season

Mike Tober will start his first season at Maryland after serving two years as diving coach at Virginia Tech. A graduate of North Carolina State, Tober was an All American and five time ACC Champion in the 1m and 3m events.

Tober's national and international experience in diving will be a great asset to the diving program. He has coached numerous National and Jr. National qualifiers.

JOE HANNAH, Assistant Swimming Coach
4th season

Joe Hannah enters his fourth season with the Terrapins as an assistant coach. Hannah swam in 1973-77 at St. Lawerence University and Allegheny College where he earned his B.A. degree in Political Science. In 1979, Hannah received his master's degree from S.M.U where he also served as assistant swimming coach. Hannah is currently working on his Ph.D. in Exercise Physiology.

Coach Hannah has been a tremendous asset to the Maryland program. He has been instrumental in all phases of coaching and recruiting. He will continue to be an important part of Maryland Swimming.

ANNE BUYER - BILL BARTLE, Student Assistants

Both Buyer and Bartle will start their first season assisting with the Maryland program. They are former swimmers at Maryland completing work towards their respective degrees.

WOMEN'S OUTLOOK

Debbie Meyer, national qualifier in the Backstroke events will lead the Terps this season. Meyer currently holds all backstroke records and was the first Maryland swimmer to compete at the Women's NCAA Championships.

The events look like this:

Breaststroke should be a strong event with Betsy Bozzelli returning and the addition of freshman, Debbie D'Andrea. Bozzelli was an ACC finalist last season and should be challenged by D'Andrea for the top spot. Sophmore, Carolyn Kaucher showed great progress last season and should help in the sprint Breaststroke events.

Butterfly will be the most improved event with the addition of Betsi Elliott. A Pennsylvania State Finalist, Elliott has excellent credentials in handling the 100 and 200 Fly. Ellen Murphy and Kaucher will add depth to this event.

Backstroke will have Debbie Meyer holding down the top spot with Wendy Shoyer adding depth to the line up.

Individual Medley will be a solid event with D'Andrea and Barb Schmidt. D'Andrea was a National Qualifier in the 400 I.M. She also competed at the World Game Trials in this event. Schmidt will swim primarily the 100 I.M.

Freestyle will be lacking depth. Lisa Unger returns to swim any event along with Amy Dilweg and Schmidt in the sprints. Meyer can also swim middle distance.

Diving will be in a rebuilding stage with the loss of Melanie Gillet to graduation. Freshman Ingrid Padilla and Alisa Blitz should develop by the end of the season to be a factor at ACC's. ACC finalist, Suzy Wigetman returns to be the only proven performer on the squad.

Overall, the Lady Terps lack depth but possess some outstanding individual talent.

MEN'S OUTLOOK

The Terps will be led by All American and ACC Breaststroke Champion, Kirk Sanocki. Sanocki placed 6th at last years NCAA event in the 200 Breaststroke with a time of 2:01.13. He currently holds all Breaststroke and IM records at Maryland.

The events look like this:

Distance Freestyle will be solid with Eastern 500-1650 Champion, Joe Haddon and Mark Gillies returning. Mike Alderson and Mark Ciabaton will give the Terps good depth. Haddon could emerge as one of the top distance freestylers in the ACC.

Backstroke will have a great deal of depth with Jim Wenhold, Robert Neuendorf and Drew Desjardins. Wenhold currently holds the 100 school record and Neuendorf the 200 record. Look for Desjardins to challenge both for the top spot.

Butterfly will be strong with two ACC and Eastern finalists returning. Mike Alderson and Steve Goldhirsh will again compete for the top spot with Freshman, Jim Robinson giving the Terps solid sprint fly. Robinson was 1982 State Champion from Delaware.

Breaststroke will see Sanocki and Freshman, Todd Gray. Gray, an outstanding athlete from Canada, has excellent credentials in the 100. This undoubtly will be the Terps strongest event. Sanocki and Gray will be a tough duo to beat in the Breaststroke events.

50-100-200 Freestyle will lack depth but Mike Nemec, as a freshman, emerged as one of the top sprinters in the ACC. Nemec should challenge for the top spot in the 50 at ACC's. A years experience could make him a contender in the 100. Look for Wenhold, Neuendorf and Gray to swim the 200 which is probably the Terps weakest event. Freshman, John Bello, from Pittsburgh will give the Terps depth.

Individual Medley lacks depth, but Sanocki and Desjardins can swim well enough to be competive in dual meets.

Diving will be the most improved event with Roger Masse returning along with Jim Sheridan. Freshman divers include Marty Bare from Cincinnati and John Charmack from New York. Masse could challenge for the 1m title at ACC's along with an automatic berth to NCAA's.

TERRAPIN ALL AMERICANS

Ron Squiers	Diving	1962
Phil Denkevitz	50 Free	1964
Kirk Sanocki	200 Breaststroke	1982

1982 saw Kirk Sanocki become the first swimming All American at Maryland since Phil Denkevitz, in 1964. Sanocki placed 6th at NCAA's in the 200 Breaststroke with a time of 2:02.04. In the preliminaries, he was clocked at 2:01.13. Sanocki's national success did not stop at NCAA's. He went on to the United States Swimming Championships and placed 7th in the 200 Breaststroke. Sanocki was named to the All East Swimming Team, named by the College Swimming Coaches Association, along with be named Outstanding Senior Swimmer in the Potomac Valley Association. A senior from Reading, Pennsylvania, Sanocki was coached by former Terp standout, Sid Burkot at Reading High School.

This season, Sanocki will be setting his goals towards All American status along with gaining his third ACC 200 Breaststroke title.

THE UNIVERSITY OF MARYLAND

The University of Maryland was founded in 1807 in Baltimore as the College of Medicine, a facility-owned institution granting the M.D. degree. It was the nation's 5th medical school.

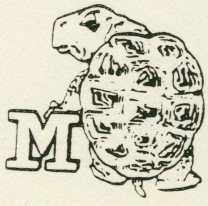
Its name was changed five years later to the University of Maryland, and it was given power to confer additional degrees. The Baltimore College of Dental Surgery, the country's first dental school, became part of the University in 1840.

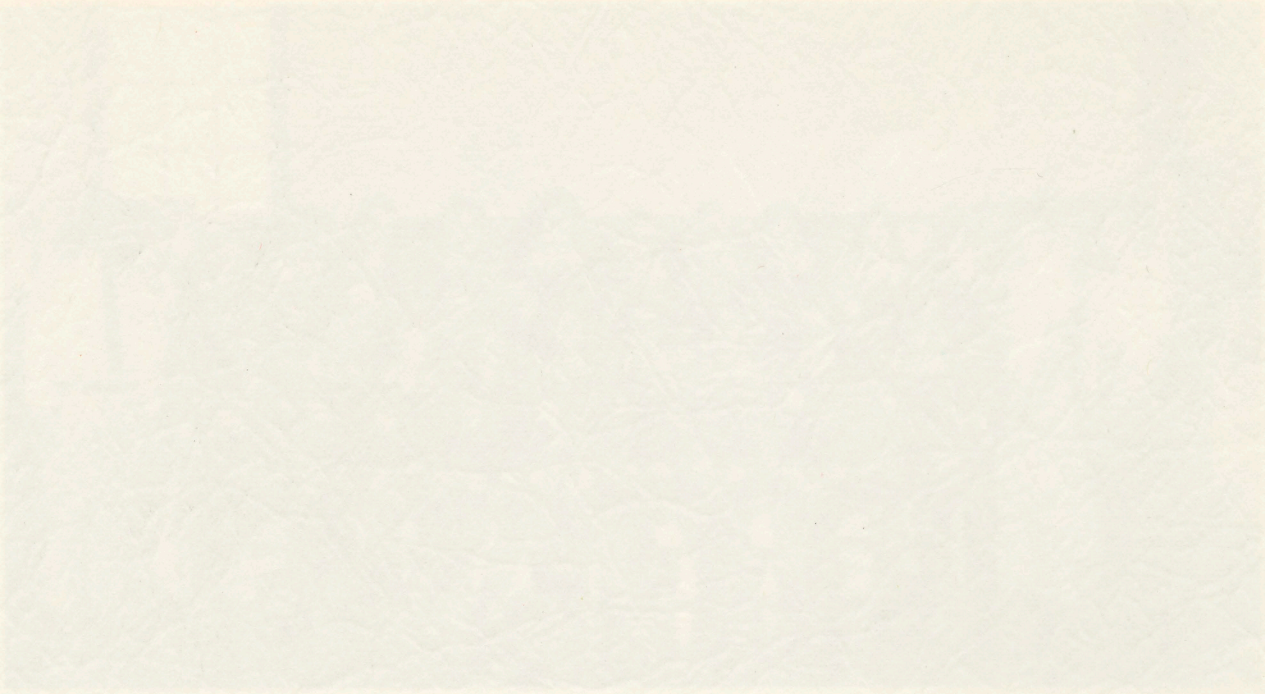
In 1856, at the prompting of a group of Maryland people, the state endowed a second institution, the Maryland Agricultural College, at College Park. A fire resulted in considerable damage to the College in 1912, and the state rebuilt it and took control of it. In 1920, the state took over the facility owned by the University of Baltimore and merged it with the state owned institution at College Park to form what is now the University of Maryland.

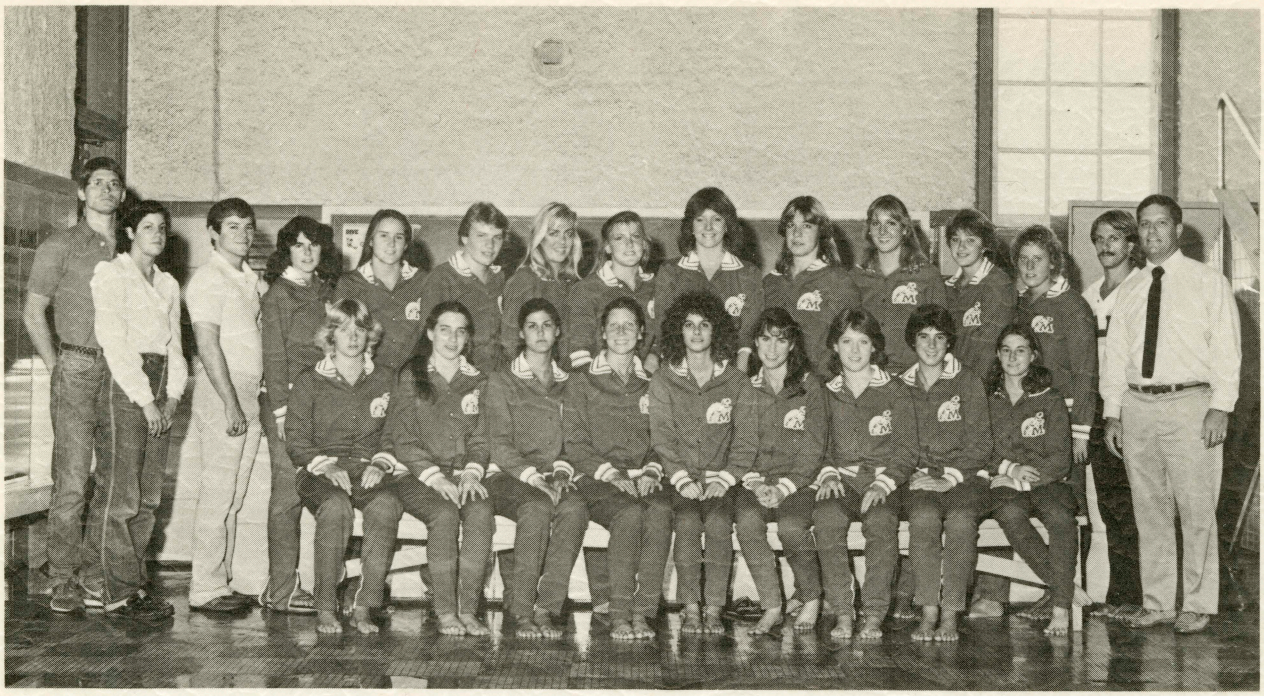
Today, the University of Maryland, a Georgian Colonial campus, has nearly 200 buildings across a 1300 acre setting. The campus has its own daily newspaper, its own police force, an 18-hole golf course, hotel, stores, movie house, theatre, art gallery, pub, bowling alley, tennis courts and swimming pools.

The University offers 125 majors and 15 pre-professional programs, in addition to an Honors Program. There are, as well, 81 graduate programs.
The University is one of 51 members of the Association of American Universities. It is the 7th largest university in the country, and with a teacher-staff of over 6,000, its student-teacher ratio is 16:1. An underagraduate or graduate student receives a full commitment from the University, and the Athletic Department provides a full-time advisor for personal and vocational counseling for student-athletes.

Any student attending the University would enjoy a location which is the best of any college in the country. Right outside of Washington, D.C. and 35 minutes from Baltimore, the University is situated in the middle of a rich area of resources and intellectual talent. Nine miles away in the nation's capital, the Library of Congress, the Shakespeare Library, and National Libraries of Medicine and Agriculture avail the student of the country's best research facilities. The famous Kennedy Center is an example of the kind of cultural opportunity and entertainment offered by this major metropolitan area.







1982-83 Maryland Women's Swim Team

1982-83 Maryland Men's Swim Team
